Professional Profile

A results-driven Team Leader, Carpenter and LBP, specialising in project management, building, and construction work. Duties include rebuilding and restoring homes, cabinet making, woodwork, and high-quality furniture making. Highly organised and detail-oriented; accustomed to completing tasks within strict deadlines and actively contributing to company initiatives. Completes a wide range of operations, such as machine working, joinery, and design. Delivers exceptional leadership and communication skills to ensure productivity and a clear understanding of vital goals. Represented as a source of reliability after training and coaching members of staff in areas such as sales and customer service. Furthermore, highly enthusiastic about managing key projects, plans, and company goals.
